

# First steps towards institutional strategic goals

- First 10 min **work on your own**
- Identify 1-2 development areas/strategic areas/topics/target groups you would like to work on in the coming years in your organisation – **what are your needs**, also based on the timeline work and previous experiences
- Ca 10 min

# Some points from your pre-assignments...

Every pre-assignment listed the following strategy areas:

- Student mobility
- E+ or similar development and cooperation projects

But only some listed the following areas of international activity:

# Some points from your pre-assignments...

Strategy areas that could be better taken into account:

- staff mobility
- incoming student and staff mobility
- quality and equality of mobility (and not just quantity)
- ECVET
- international certificates
- international skills competitions
- internationalisation at home -> link to all curricula and development of teaching/training
- immigrants and refugees
- intercultural skills development, international pathways, language learning
- education export
- partnerships, networks and consortia (or twinning), memberships in international associations

# First steps towards institutional strategic goals

- Now go into **pair work with your partner from your own institution**
- **Share your thinking** from the past 10 min
- **Choose 1-2 development areas together**
- **Define them more clearly** and start to develop them into **strategic goals**
- **Make a flip chart per strategic goal**
- Ca 40 min

-> **in English**, please, these will be used in the afternoon open space!
